

INDEX

A

- Abortion. Pelvic inflammatory disease following induced first-trimester abortion 64
- Abuse. Prescription of benzodiazepines in general practice in the County of Århus, Denmark 495
- Achondroplasia. Metacarpophalangeal relations in 21 Danish patients with achondroplasia 104
- Acute myocardial infarction. Left ventricular function and prognosis in patients suspected of acute myocardial infarction but without confirmed diagnosis 182
- Adipose tissue blood flow. The regulation of subcutaneous adipose tissue blood flow in the ischaemic forefoot during 24 hours 303
- Adolescents. Utilisation of health services over a one-year period by an adolescent population with Down Syndrome 585
- Adrenal function. Plasma free and sulfoconjugated dopamine in man: Relationship to sympathetic activity, adrenal function and meals 291
- Adverse reactions. Reported adverse reactions to and consumption of nonsteroidal anti-inflammatory drugs in Denmark over a 17-year period 187
- Alcoholic cirrhosis. Testosterone and alcoholic cirrhosis 564
- Alzheimer's disease. Frequency of Alzheimer's disease in a postmortem study of psychiatric patients 288
- Amniocentesis. Genetic aminocentesis -indications and risks 520
- Anti-inflammatory drugs. Reported adverse reactions to and consumption of nonsteroidal anti-inflammatory drugs in Denmark over a 17-year period 187
- Antibiotics. Correlation of in vitro activity and pharmacokinetic parameters with effect in vivo for antibiotics 422
- Arteriole. The diabetic arteriole: the impact of diabetic microangiopathy on microcirculatory control 334
- Arthritis. Muscle function in women with rheumatoid arthritis - the influence of glucocorticosteroids . 48
- Axelsson, Christen Kirk: *Se Hansen, Inge Marie* ... 282

B

- B lymphocyte function in patients with rheumatoid arthritis: Impact of regulatory T lymphocytes and macrophages - modulation by antirheumatic drugs 140

- Bacterial meningitis. Neurological sequelae and fatality as prognostic measures in 875 cases of bacterial meningitis 92
- Bech, Karsten: The role of somatostatin and serotonin in the β -adrenoceptor regulation of gastric function. An experimental study in dogs 122
- Bendix-Hansen, Knud: Myeloperoxidase deficient polymorphonuclear leucocytes in leukemia and allied disorders 501
- Benzodiazepines. Prescription of benzodiazepines in general practice in the County of Århus, Denmark 495
- Beta-aminoisobutyric acid. Increased urinary excretion of β -aminoisobutyric acid in a Danish family 397
- Blood flow rate, temperature, oxygen tension and consumption in the skin of adults measured by a heated microcathode oxygen electrode 322
- Blood flow. The regulation of subcutaneous adipose tissue blood flow in the ischaemic forefoot during 24 hours 303
- Bohr, Vilhelm A. & Niels Rasmussen: Neurological sequelae and fatality as prognostic measures in 875 cases of bacterial meningitis 92
- Bojsen-Møller, Marie: *Se Buhl, Line* 288
- Bone mineral metabolism in human type 1 (insulin dependent) diabetes mellitus 109
- Bone turnover in postmenopausal osteoporosis 468
- Bowel preparation prior to colonoscopy using a limited intake of electrolyte solution for cleansing . 295
- Bro, Flemming & Carl Erik Mabeck: Changes in penicillin prescribing in general practice 297
- Bruun, Brita: Contributions to the taxonomy of the genus *flavobacterium* 379
- Brøsen, Kim: The relationship between imipramine metabolism and the sparteine oxidation polymorphism 460
- Buhl, Line & Marie Bojsen-Møller: Frequency of Alzheimer's disease in a postmortem study of psychiatric patients 288

C

- Calcium. The concentration of ionised calcium in plasma 575
- Campylobacter pylori. Distribution of *Campylobacter pylori* in dyspeptic and non-dyspeptic gastroenterologic patients 282
